## Cover Photo

Our cover photo is of the land to the west of Nairne that was originally identified for residential development in the Nairne & Environs Development Plan Amendment (DPA).

The Nairne & District Residents' Association and the community overwhelmingly rejected the proposal and the Mount Barker District Council subsequently removed it from the DPA.

This area will now remain a primary production green buffer zone and a beautiful entrance to Nairne.

# THE NEXT STEP IN CHANGING OUR COMMUNITY BELONGS TO YOU

## Presidents Report

Mark Clemow, President, Nairne & District Residents' Association

If you visit popular towns in South Australia like Strathalbyn, Kapunda, Burra, Angaston, and Hahndorf, you will find vibrant and attractive communities, where locals and visitors enjoy good infrastructure, historic buildings, and an array of hospitality and services.

All of these communities, plus many more like them, have developed firstly because of an investment by governments in infrastructure, but primarily because of the passion and commitment of the community. Take Strathalbyn, which is a community of similar size to Nairne. Twenty years ago, it was known merely as a pretty town in the upper Fleurieu Peninsula. Today, it is a destination of choice for day trippers from the city wanting to enjoy the tidy streets, pretty landscapes, historic buildings, and interesting shopping.

Towns like these didn't gain their reputations by chance, nor necessarily because of their geographic location. They earned their status by having a plan, collaboration between stakeholders and above all, the passion and determination of the community. Strathalbyn hasn't developed solely because of investment by the local and state government. They may have provided a plan and infrastructure as a foundation, but then it was the role of the people and businesses of Strathalbyn to determine exactly how they wanted their town to be. Behind every vibrant community there are similar stories of government investment, followed by community ownership. There is no reason that Nairne cannot be like Strathalbyn, or Kapunda, or Burra. Perhaps even Hahndorf. We have the environment, we have the history, and now we have a plan that will give us infrastructure. The next steps are ours to own.

For the past eight years, the future of Nairne has been under discussion. It was widely felt that we were the neglected town of the Adelaide Hills. Other communities saw investment and interest from governments, but all we saw in Nairne was a rapidly growing population, decaying infrastructure, lots of talk about change, but no action. It was a frustrating period.

The Nairne & Environs Development Plan Amendment (DPA), which has been endorsed by Mount Barker District Council for approval by the State Government, brings this frustration to an end. Governments will now deliver infrastructure and development to Nairne and because of the way in which the DPA was conducted, it is change that we can embrace. The

potential for the future prosperity of Nairne has been endorsed. We will no longer feel neglected. Our status as the second largest town in the Mount Barker District Council and the value of our natural, historic and commercial environment has been secured.

I'm sure this is how it happened for other communities we identify as successful, but it does not – and can not – stop with that alone. Our local and state governments will deliver the foundations of the infrastructure, but it is up to us, the people of Nairne, to do the rest. If we want a vibrant Main Street, there is more to it than the improvements that the Council will make. We need to determine what we can do to take it from functional to beautiful. If we want to be recognised for historic significance, then there is more to it than being listed on a heritage register. We need to help people experience that history by expressing our pride and creating pathways for others to feel the same. If we want a prosperous business community, then as much as the redevelopment of the Old Chapman's site will be the catalyst, it relies on more than just this. It needs us to make a commitment to support and stimulate the businesses of our town.

The realisation of the DPA is just the beginning. The Nairne & District Residents' Association is a group of people who are passionate about our community and want to see it prosper culturally,

*Continued on page 4*

socially, and economically. We will be working very closely with the Council as the DPA is realised, but we also need your help. Now is the time, with Nairne poised on the brink of its most significant period of change in its history, for people to stand up and get involved.

Nothing stands between us and being a vibrant community for locals and visitors but inaction and complacency. These are the attitudes that could render the investment in our town ineffective. The ability of the NDRA to fulfil its objective of enhancing the social, cultural, and economic development

of the area is only limited by the number of people who are a part of what we do. Right now, more than any other time in the history of our community, we need you to get involved with your community – and becoming a part of the NDRA is a good step. Find out what we do and how you can be a part of it. Come to our monthly meetings, like our Facebook page, or contact us to ask how you can help.

This is your community and our future.

## A NEW LOOK NAIRNE NEWS

*Mark Clemow, President,  
Nairne & District Residents' Association*

This edition is the first of our new look Nairne News, led by our new editorial team of Kerri Oakley, Ruth Morris, Ariel Elliott-Potter, Tianna Easter, and Dicken Patterson. Our team have not only redesigned the look and content of the publication, but have also improved our processes for editorial, advertising, and administration. In creating an all round better experience for our contributors and advertisers, we will be providing a better quality read for you. Congratulations to the team for all their work and energy in bringing the vision together for this edition.

I'd like to thank our retiring editor Michelle Beresford for her work on Nairne News over the past two years. Originally working with Sophie Langley, whom we also thank, Michelle found herself the sole editor when Sophie moved away from Nairne. Nairne News is a big job and Michelle had incredible patience and skill to produce this most important community publication. I'd also like to acknowledge Cathy Smallridge, a former editor of Nairne News, who co-ordinated the advertising material and invoicing.

Without volunteers like Michelle, Sophie, Cathy, our new team and the many organisations and individuals who contribute, Nairne News would not be the effective community resource that it has become over its many years of publication.

We look forward to continuous improvement and welcome your feedback and suggestions to [nairnenews@hotmail.com](mailto:nairnenews@hotmail.com), or via our Facebook page.

## OLD CHAPMAN'S FACTORY REDEVELOPMENT IS NOW A REALITY

*Mark Clemow, President, Nairne & District Residents' Association*

At a recent community meeting in Nairne, run by the NDRA and attended by 60 people, Mr Lelio Bibbo, the owner and developer of the Old Chapman's site in Nairne, outlined his development plans.

After years of dereliction and changing owners since the factory closed in 2002, Mr Bibbo has a plan that is likely to be realised by this time next year. The redevelopment of the site is part of the Nairne & Environs Development Plan Amendment (DPA), which the Mount Barker District Council has endorsed for approval by the State Government.

Central to the redevelopment is the establishment of a Foodland supermarket, which will be operated by Klosos, and will be of comparable size to the one at Littlehampton. There is also likely to be some speciality stores, and other parts of the site

will be redeveloped to include such things as recreation facilities, housing, and perhaps even child-care. Mr Bibbo is working with Council and local business to establish needs for the site, taking into consideration the great feedback and ideas provided by the community during the consultation on the DPA.

The redevelopment of the Old Chapman's site is arguably the biggest thing to happen to stimulate the prosperity of Nairne since the factory was opened in 1899. Some people have suggested it's the biggest thing to happen since the railway came through the town in 1883!

A supermarket in Nairne has been long anticipated by the community, and at the Old Chapman's site, it will help to transform and stimulate our main street.

If you would like further information, or have some comments on the project, contact us at [nairnenews@hotmail.com](mailto:nairnenews@hotmail.com) or visit our Facebook Page.

# Wow, where has the year gone?

## Councillor's Commentary

Cr Debs Buchmann, North Ward

It has been a year since I was elected by the North Ward residents and it has been a massive learning curve. I am enjoying the position and have found the Council staff extremely helpful and very passionate about their work and the district.

## Nairne DPA

A fabulous outcome! The Nairne DPA consultation period was a great success and Council staff listened to the resident's wishes. As you may recall, the main concern of the residents was the land at Nairne West. The size of the mixed use zone has been reduced and remains along the train line, keeping the corner of Woodside Road and Old Princes Highway as residential. Also, the existing town boundary has been kept to protect our primary food source and green buffer. The rezoning of the Old Chapman's site will enable development and create much needed jobs and services for Nairne and the surrounding towns. Other small amendments show that Council is eager to work with the community to ensure the best outcomes for the future of Nairne. The DPA has now been sent to the Minister and hopefully we won't be waiting long for its approval.

## Old Chapman's

There was a fantastic attendance at the last NDRA meeting where Mr Lelio Bibbo, Owner and Developer of Chapman's, attended with his business partner and their wives to share their ideas for the Chapman site. The plan is to start with a Klose's Foodland with a few small shops, and then further development as the community requires it. Discussions regarding possible indoor sports facility, community areas, workshops etc,

are taking place and this will help enhance the revitalisation of Nairne. Mr Bibbo is also looking at employing local companies in the build stage and envisages the project could generate up to 180 local jobs. The Foodland itself will generate approximately 40 local jobs.

## Upgrades

We can look forward to the upgrade of the footpath along the north side of Main Street, stretching from Junction Street to the petrol station to be begin in early to mid-2017. This will alleviate the drainage problems, safety issues as well as beautifying the street. Council staff are currently working on Main Street plans for both Gawler St, Mount Barker, and Main Road, Nairne, and we can look forward to further improvements and activation in the street. Some of the endorsed priority actions are footpath upgrades including landscaping and street trees, public art, promotion of history, improved pedestrian connectivity, community events and improved entrance statement.

I have been in discussions regarding the extension of the footpath from the footbridge near Chapman's across the road and up Sydney Road to join with the existing path. This will enable a safer connection to the Oval for kids walking or on their bikes. This could in the future link up with the Kidman Trail. Also discussed was the state of Sydney Road, and I am advised that this is in the Road Maintenance Budget and will be attended to in the near future.

North Road is a tough one. It was originally a low use local road and was not constructed to cope with the amount of residential and public transport traffic it now has. This increase is due to the extra residential developments in the area. Council have made improvements and will continue with the North Road Upgrade over the next few years. One concern I have is that delivery trucks coming from Woodside Road may use North Road to access Chapman's once the supermarket is open. I have some ideas on reducing the 'non-local' traffic as well as the bus route, which I will investigate further and report to you for your feedback.

Hopefully we will soon see some much needed TLC for our beloved Nairne Market. For those of you who do not know, the building was the Old Police Station and Cells and is an important and significant piece of Nairne's history. The property is Crown land dedicated to the Council for heritage preservation purposes and is in need of restoration and improvement to enable the Nairne Market fabulous volunteers to continue their amazing work in the community.

## Sculpture

News on the Sculpture – A contractor has been engaged by the Council for the installation of the all the sculptures in the area. They have a back log of work and I have been advised that they will be constructing the footings prior to Christmas. I would therefore anticipate the placement of the sculpture in early January.

## Christmas & Recycling

Did you know that some of our recycled products are used to produce road base?

There has been an increase of recycling products, a reduction of general household waste and the green organics waste has doubled over the last 5 years.

Keep up the good work over Christmas with all that packaging.

I wish you all a very Merry Christmas and a Happy New Year. I hope to see you at the Nairne Carols by the Lake on 10 December.

Please feel free to contact me on these or other matters.

# Nairne School

Finding the right school or preschool for your child is important not only for their academic development, but also in helping develop their social, cultural, physical, and essential life skills.

At Nairne School, we believe that children should be nurtured in all areas of life, while being given the right level of self-reliance to help them cultivate their own sense of identity and independence.

We also understand that each child learns in their own way and grows at their own pace. That is why we provide a personalised learning environment which gives your child the very best opportunity to harness their learning potential.

Nairne School is located on Saleyard Road, Nairne, and we offer students the rare opportunity to maintain their education from Preschool right through to Year 7, without the need to transfer into another setting. This continuity of location lets students develop strong, positive relationships with their classmates and teachers, providing a steady and familiar learning environment during the most important stages of their education.

Government of South Australia  
Department for Education and Child Development

*A brief snapshot of what's been going on at Nairne School lately...*

## Nairne School thanks our Furies!

Recently the Nairne CFS visited the School and Preschool – and they brought their truck! The CFS crew talked to the students about what they do and the importance of fire safety. The highlight for the children was being able to climb into the truck and have a go with the big hose! The siren was pretty impressive too! Thank you so much to our local 'furies' for their ongoing dedication to their work and their continued support for our school and community.

## Sounds great!

The Reception and Year 1 students in Room 6 have been investigating sound and vibration

for science. They discovered that sound is made by vibrations and watched how the vibrations from a speaker could make rice 'dance'. They've felt how their throats vibrate when they sing, and how instruments vibrate when they are played. They also recorded their voices on an iPad and saw what sound 'looks' like. They then recorded their discoveries in their inquiry books. The next step was to create their own instruments and see who could make the loudest noise!

## Insects!

Insects are of great interest to many of our students at Nairne School, and many of our classes have taken advantage of this to investigate different insects, observing them, their life cycles and how they contribute to the ecosystems in which they live. They're also great fun! Year 2/3 students from Room 12 have been hatching, researching and documenting stick insects (amongst many others). They have learnt a great deal about scientific observation, how to look after animals safely and humanely, and have developed their artistic skills to record and label different features.

## Egyptian Educational Research Projects

At the end of last term our Year 6/7 Students put in an amazing effort with their Egyptian ERPs (Educational Research Projects). ERPs combine several subject areas and skills to focus on a project that is largely student-led, with clear expectations and requirements, but allowing the students a broad scope for researching and presenting something that interests them. This set of ERPs were focused around Egypt and its history, and the results were fantastic! Such pride was shown by students as their hard work was shown to peers and parents during their ERP expo, and a small part of some of their work is on display at the front office.

**"...each child learns in their own way and grows at their own pace."**

## School Tours

Now that you've had a taste of some of the interesting and exciting learning experiences of students at Nairne School, we invite you to find out more! You'll find plenty of useful information on our website [www.nairneps.sa.edu.au](http://www.nairneps.sa.edu.au), and to see first-hand what we have to offer, why not join us for a school tour? Bookings are essential, so please register your interest by following the links on our website, calling us on 08 8388 6116, or dropping in and speaking to one of our friendly staff members at the front office.

We hope to welcome you and your child to Nairne School soon!

# Nairne Art Alive

by Alison Brown

Nairne Art Alive was held on Friday 7th, Saturday 8th and Sunday 9th October 2016. This was the first time this event had been run, and was very much a trial. Thanks to David Smart we were able to have a base in the Elders building and set up stands with a good display of paintings.

Friday was a very quiet day in the Main Street, possibly due to school holidays. However, we found three more Nairne artists and more work was added to the display. Children and adults drew with chalk both on the footpath and on the netball court, a display of handmade jewellery was set up in front of the Chemist, and an art studio was open for a visit. Several people both young and old came and looked at the display, including several teenage boys taking art at high school. All the best to these great young people.

Saturday saw several artists painting and drawing on the street and more work was added to the display from two more Nairne artists. In the afternoon we had music added to the scene by a saxophone player, and the street filled with well known melodies. Next was a ukulele player with a different style. Both musicians added greatly to the ambiance of the scene.

Sunday the weather was back to being terrible, windy, then the rain and a noticeable drop in temperature, so it was an inside day and the morning was very quiet.

Over the weekend there were many people, both local and visitors, who came and talked to the artists and viewed the work. I talked to more people over the weekend than ever before, a good way to meet people.

Many thanks to all those who joined in making art work. Hopefully this can continue in some form.

# NEWS FROM NAIRNE CHURCHES

## Combined Events for Hills Family, Uniting and Lutheran Churches:

Next Combined Church Service – Sunday, 29th January, 2017 at 10.30 am at the Uniting Church, Allargue Street, Nairne.

Following this service there will be a Community Lunch in the Uniting Church Hall. Please bring a plate of food to share and stay for this Fellowship Meal. All Welcome.

## Nairne Christian Kids Club or NCKC:

NCKC is held fortnightly on Tuesday afternoons from 3.30-5.00 pm in the Uniting Church Hall, Allargue Street, Nairne. This club is for Primary School age children and is held fortnightly during school term time.

The final session of NCKC for 2016 will be a Christmas Party at 68 on Main. It will run from 3.30-5.00pm and will have games, songs, stories, gifts and food – all for free! If you are a primary school aged child and would like to come to this event please speak to Kieran Smith (Pastoral Support Worker) at Nairne Primary School.

NCKC will recommence in 2017 on Tuesday 7th February. Further information about NCKC is listed in the advertisement in this issue of the Nairne News.

## Nairne Carols by the Lake, Saturday 10th December, 2016 from 6.00-9.00 pm:

The carols are here again! This is a great community event and if you would like to be involved in any of the following please contact Mike Stoodley asap – mike@hfc.org.au

- The Combined Churches Choir or Band for the carols.
- Helping with the Decorating of Christmas Candles at this event.
- Helping with Face Painting on the night.

## Information about the Nairne Hills Family, Uniting and Lutheran Churches:

Hills Family Church  
132 Princes Highway, Nairne, SA  
Senior Pastor: Mike Stoodley  
Contact email: church@hfc.org.au  
or telephone 0408 211 970

Service times: Every Sunday at 10.00 am  
Christmas Day service: 9:30 - 10:30am

## ADVERTISING IN NAIRNE NEWS IS INEXPENSIVE AND HELPS OUR COMMUNITY

6th December

# FUN! CRAFT! GAMES! FOOD!

Nairne Christian Kids Club is a club just for primary school aged children (6 to 12 years old). It runs from 3:30 to 5pm in the Nairne Uniting Church Hall at 3 Allargue Street. There is no cost, it's fully supervised and kids can be transported home. For more information or to register your child, please email Mike: mike@hfc.org.au

*NCKC will teach Christian life principles and is brought to you by the churches of Nairne*

## News from St James

In June we had a new priest arrive, Fr. Thomas Karama, who has been actively working in the Parish and in the community. He has shared with us his passion for the Nepalese Orphanage. The Helpless Colony orphanage was started in 2004 by Nanu Rai who continues to run the orphanage today providing a home for 20 orphans. These children come from disadvantaged backgrounds, some were abandoned or have only a single parent who is unable to support them. Originally the situation was so dire that the name was most appropriate. The orphanage has made significant progress and is now called the Happiness Colony.

Originally the children slept on the floor and could not afford to go to school but now all the children go to school and get an education in English. They also eat regularly every day. There is some modest furniture.

The main aim of the colony is to ensure that all the children grow up in good conditions and have as good an education as possible with an objective to them becoming independent.

Some children have already left the orphanage and have found work or commenced university studies.

There is no government support and no source of permanent income and the sustainability of this place is purely on the basis of donations. Volunteers are critical to the sustainability of the orphanage and our help is assisting in this direction.

A lady from Minlaton purchased land for the building of the orphanage and together with Fr. Thomas we are helping to raise funds to purchase beds and bedding for these children. In the meantime we continue to worship at St James on the 2nd and 4th Sundays of each month.

Christmas services in the Parish are as follows: Christ the King Mt Barker, **Christmas Eve** 24th Dec. **6pm** Children's service, **8.30pm** Carol singing in the church, **9pm** Christmas Mass. **Christmas Day, 9am** Mass at St. James, Blakiston

We would like to send our best wishes to all readers for a happy and blessed Christmas and may the coming year bring peace to all.

## It's Snake Season

Creepy, crawly, sneaky, slithering snakes. As humans we are taught from a young age to avoid these creatures, but for pets they make an exciting play toy. Often found hiding in long grass, around rocks, ponds, wood piles or feed areas, snakes are attracted to areas with cover, food and water. Byethorne Park and Laratinga Wetlands are great local examples. The most common types of snakes in the Adelaide Hills are the Brown Snake and the Red-Bellied Black Snake, although Tiger Snakes and Copperheads are also occasionally seen.

Snakes inject venom in a bite which contains a concoction of toxins affecting the nerves, blood, muscles, and kidneys. Different species will affect animals differently and there is even variation within the same species! Symptoms are most commonly noted when a dog or cat is weak or unable to walk but early signs can include collapse (and apparent recovery), panting, dilated pupils, or vomiting. Finding a dead snake almost always indicates a bite.

### "With early treatment over 80% of animals survive"

The most important thing you can do when you suspect your pet has been bitten is get to your vet. Snake identification can help, but never attempt to catch or kill the snake. Time is crucial so if possible, call ahead and let us know as many details as possible so

we can be prepared. First aid can waste precious time, but keeping your pet calm and the bite site below the level of the heart will help – don't let them run around as this will increase the spread of venom through the body. Antivenom is key and will be given to your pet through an IV while they are monitored in hospital. A full recovery often takes 1-2 days but can be longer in more serious cases.

With early treatment over 80% of animals survive and without it up to 70% of victims die. Cats tend to be more resistant than dogs, but are more likely to be affected due to their natural hunting behaviours. If you're worried always contact the clinic – one of the staff will help guide your decisions for the best possible outcome.

### Preparing your property checklist:

- ☐ Mow or slash vacant land (to 10cm / 4 inches)
- ☐ Cut grass within 20 metres of your home and within 5 metres of any other structures and:
- ☐ If your property is under ½ ha (5000sq metres) clear undergrowth and grasses to 10cm / 4 inches over the entire property,
- ☐ If your property is over ½ ha (5000sq metres) clear vegetation from your property boundary to create a 5 metre fuel break.
- ☐ Remove any dead trees, branches, leaves and undergrowth from around your home and property
- ☐ Remove bark, heavy mulch, wood piles, cardboard boxes and any other flammable materials that are close to your home and sheds
- ☐ Clean out your gutters and roof of leaves, branches and debris
- ☐ Prune any branches that are over hanging your home
- ☐ Slash a 5 metre fuel break along the inside boundary of your property
- ☐ Prune tree limbs less than 2 metres above the height of the ground

**You must maintain your property in this state for the duration of the Fire Danger Season.**

## Australian Red Cross Nairne Branch

by Miriam Mitchell

Yes it's that time of year again! I am excited and hope you are too about the impending Christmas and New Year festivities. One local celebration I'm particularly looking forward to is the Nairne Carol's By The Lake at Byethorne Park on Woodside Road, Nairne. Have you really got a good reason not to come along and join in the fun? As usual the Nairne Red Cross will be serving fresh, local strawberrries and cream, and selling raffle tickets for baskets of Christmas goodies. Go on, give yourself a treat and support a good cause at the same time. See you there between 6pm and 9pm on Saturday 10/12/16 and special thanks to the Nairne & District Residents' Association for organising the event this year. It has become quite an institution and it wouldn't be Christmas in Nairne without it.

It's also the time of year to prepare for the bushfire season which this year due to increased fuel loads looks like being a particularly concerning one. Help to prepare is available from the Red Cross. Just check out the following link: [http://www.redcross.org.au/files/Red\\_Cross\\_RediPlan\\_-\\_disaster\\_preparedness\\_guide.pdf](http://www.redcross.org.au/files/Red_Cross_RediPlan_-_disaster_preparedness_guide.pdf). It will take you to a copy of the Red Cross RediPlan that you can download and work through. Its usefulness is not limited to natural disasters but extends to helping to reduce the impact of any emergency. It could save your life or the lives of those dear to you.

Thanks for your support this year and we look forward to your further support in 2017 so the Red Cross can continue its important work. We wish you a Merry Christmas and A Happy New Year!

# Summers Secrets Day Spa

When Skye's mother was diagnosed with breast cancer ten years ago, it triggered in her a deep desire to help people.

She soon found herself on a career path as a beauty therapist. From working in a spa in Mount Barker, Skye was headhunted by Harrison's in the Northern Territory, where she became a manager of a team at twenty-five years of age, and was awarded 'Beauty Therapist of the Year' in 2008.

Skye Summers opened her own Day Spa in Nairne on July 1st 2016 and has been gaining a loyal and grateful following ever since, with a plethora of excellent reviews on Facebook. She has plans to increase the types of treatments available, whilst keeping a strong focus on quality.

Stepping in from the pre-makeover streets of Nairne, the Day Spa has a clean, modern feel which gives the impression of being part of a luxurious and spacious holiday resort.

There is a lot available. Summers Secrets Day Spa offers waxing, tinting, eyelash extensions, manicure, pedicure, facials, makeup, spray tans, massage and spa treatments. The Spa's hydro pod for body treatments is one of just two that Skye knows of in the Adelaide Hills.

**"Bridal and Formal makeup are now something that can be done without having to leave Nairne."**

The product range that Sky has chosen includes certified vegan friendly, South Australian owned and run makeup products, and all products used in the Spa are cruelty free. The Pure Fiji range of products are plant botanicals suitable for allergy sufferers, and persistently problematic skin.

Whether it is acne, sensitivity or ageing, or problematic skin, Skye can assist both men and women. The Day Spa is equipped with a microdermabrasion machine and a sonophoresis machine, which uses sound waves that are safe for heart patients or those with photo sensitivity. Hydrodermie uses a micro-electric current to infuse gels into the cellular layers of the skin.

Massages available include Swedish and relaxation hot stone therapy and head massage.

## ...treat yourself locally

Bridal and Formal makeup are now something that can be done without having to leave Nairne. Skye also offers lessons in makeup and massage, which would make the ideal gift in the form of a voucher. There is flexibility with packages, and discounts can be negotiated. Tuesdays are the best day for concession holders, with a generous 10% off being offered, assisting those who need to treat themselves occasionally.

The Spa has the potential for a medium team of up to four therapists to work comfortably together, as the clientele list builds. A local trainee is already employed at Summers Secrets.

### Vouchers and gift packs make perfect last minute gifts

Skye has strong connections to Nairne, with her father running the successful Power/Packed battery shop in Nairne, and her step-mother is a local artist. The artwork for sale on the walls of Summer Secrets Day Spa is by her step-mother and sisters.

Fortunately, Skye's mother is now healthy, and Skye has found the perfect way to assist others.

Prices start from just \$13, to the ultimate gift of a five and a half hour Day Spa Package for \$540. Vouchers and gift packs are available, enabling a local solution to the problem of those last minute gifts, or perfect gifts for someone who has everything.

Bookings are essential, and made easy with an online booking facility for appointments through the website <http://summersecretsdayspa.wixsite.com/summersecrets> or via the facebook page <https://www.facebook.com/pg/SummersSecretsDaySpa> enabling clients to make their own booking at any time that suits them. New customers are welcome.

The Spa is open 9-5pm Monday to Wednesday, 9-7pm Thursday & Friday, and 9-2pm on Saturday, and then by appointment.

## The Nairne & District Residents' Association is on Facebook

Like the NDRA Facebook page to get the latest news and participate in conversations about the social, cultural and economic development of our community.

## BE A PART OF THE NAIRNE & DISTRICT RESIDENTS' ASSOCIATION

The Nairne & District Residents' Association (NDRA) is a group of residents interested in the social, cultural and economic development of Nairne. We work with local and state government to advise and further issues affecting the area. We also run events that bring the community together and promote our objectives. These include the annual Family Film Night, Carols by the Lake and Nairne Art Alive. We get behind special projects, such as the murals, the interpretive plaques, and the town sculpture. We communicate with the people of the area through Nairne News, which we publish four times a year, our website [nairne.org.au](http://nairne.org.au) and our active Facebook page.

We are a volunteer membership organisation that receives no operational funding. We derive our income from a small annual membership fee and our annual Family Film night. Nairne News is run by volunteers and funded entirely by advertising and a small cover price.

We meet at 7pm on the third Wednesday of every month, except for December, in the Uniting Church Hall in Allargue Street, Nairne. Each meeting has a guest speaker, or forum with our local Councillors, from 7pm to 7.45pm, followed by a business meeting that we aim to conclude by 9pm.

Annual membership in the NDRA is \$20 for an individual, \$25 for a family, and \$15 for concession.

We are only as effective as the people who are prepared to be a part and contribute, yet our work is to benefit the whole community. We urge you to think about joining the NDRA, especially at this very exciting time in our history. Send an email to [ndra@live.com.au](mailto:ndra@live.com.au) or telephone Mark Clemow, President of the NDRA, on 0414 238 604 for information or a membership application.

# OUR FUTURE IS ASSURED AS THE COUNCIL ENDORSES THE NAIRNE & ENVIRONS DEVELOPMENT PLAN AMENDMENT

## Mark Clemow, President, Nairne & District Residents' Association

In October, the Mount Barker District Council endorsed the Nairne & Environs Development Plan Amendment (DPA) for approval by the Minister for Planning, the Hon John Rau MLA. Once approved by the Minister, the plan will proceed.

The DPA was the culmination of eight years of work and consultation on the future of Nairne, which took into account a large amount of feedback from the community, especially during the principal consultation phase earlier this year. The Council took notice of the feedback and modified the final plan to reflect the following key points:

- The controversial proposal to extend the town boundary to the west will not happen.
- The mixed use zone proposed for the area bounded by the Princes Highway and Woodside Road will be realigned and reduced to run along the railway line, with an entrance only from Woodside Road. The remainder of the area will be zoned for residential use.
- The Main Street improvement project will proceed, with stage one funded to occur in the current financial year. Future stages will be subject to funding.
- The Old Chapman's site will be redeveloped into a supermarket.
- The heritage areas of the town will be redefined to add greater protection to heritage zones and buildings.

Proposals to rezone rural living to the south of the town and expansion of Byethorne Park were also retained as originally proposed.

This is an outstanding result for the town and a great example of the community and Council working together. We are optimistic of learning of approval by the Minister early in 2017, so watch Nairne News and our Facebook page for updates.

The NDRA commends the Council for its hard work and persistence with improving Nairne and the people and businesses of Nairne and District who engaged with and provided feedback throughout. We look forward to working together to see it all realised.

# Bushfire Protection

**Bushfire Pro, one of the Australia's leading bushfire protection services, is now being introduced into South Australia by Bushfire Ready Australasia Pty Ltd. Having recently installed a fully automatic system in Dawesley with several more systems in progress, it looks to be busy season.**

The Bushfire Pro system has been designed in NSW with in conjunction with the CSIRO and fire authorities. Together they have developed a high efficiency sprinkler system that can be operated both manually and automatically. These systems are in SA now and installed exclusively by Bushfire Ready Australia.

With a long hot summer and a 55-60 % chance of exceeding the median maximum temperature predicted by the bureau, and high fuel loads as a result of a wet high growth winter, we are in for a busy season.

**“With this system people don’t have to be at home – that’s the real life saver”**

Bushfire Ready owner David Malcolm said that more than anything they want to help people prepare and to take control in times of fire danger.

“Most of the people I talk to who want to stay and defend their homes believe that if they get into trouble the CFS will just come and save them,” David said. “The CFS work incredibly hard but can only do so much. People have to take responsibility for themselves and their property.”

A recent report by the CSIRO found that ember attacks are the major ignition mechanism from a bushfire. The Bushfire Ready system is designed to prevent these travelling embers from landing on the home and initiating the fire.

The sprinkler system uses the wind energy driving the fire to protect the house or structure. A barrier is created from patented fascia mounted spray heads (sprinklers).

Wind speed is a major contributor to fire intensity. The system creates a water barrier around the house, and the wind drives the embers into the water barrier extinguishing the embers on contact as well as coating the structure itself with water.

There is also the option of BlazeTamer fire suppressant, which has been proven to be at least twice as effective as water alone, so this will actually double your water supply. It is non-toxic, environmentally friendly, used both nationally and in the USA, Greece, and Portugal by firefighting authorities. The Rural Fire Service in NSW actually have this system installed on a ‘safe house’ which their staff use when and if they are directly under threat themselves.

**Protect your Home, Property & Life**  
**Bushfire Pro Sprinkler System**  
 Patented, proven spray heads provide a comprehensive water barrier against **EMBER ATTACK & FLAME FRONTS** for new and existing houses, farms, stock & equestrian facilities  
 CONTACT US FOR NO OBLIGATION QUOTE AND 10% INTRODUCTORY OFFER INTO SA DISCOUNT

To find out more go to [bushfirereadyaustralia.com.au](http://bushfirereadyaustralia.com.au) e: david@bfra.com.au p: 8261 7698 m: 0415 954 210

“With this system people don’t have to be at home – that’s the real life saver,” David said. “The fully automatic system will detect smoke then run for just under three minutes before shutting down. That soaks the sides of the house and ember trap areas. If smoke is detected again it cycles yet again, if the ambient temperature increases above 95 degrees the system comes on and stays on.”

“We are here not only to promote, sell, and install high end protection systems that actually work, but also to help clients to get a better idea of what is behind bushfires, how to protect themselves and gain the peace of mind that they have done all they can to protect themselves, their families and property.”

For more information on the Bushfire Ready System call David on 0415 954 210.

“We have a demonstration system fitted to the company vehicle which really shows the effectiveness of the system, people understand exactly what is going on when they can actually see it.

# Ink Pot Arts Inc

Ink Pot Arts is an award-winning creative hub of industry professionals based in the Adelaide Hills, providing high quality arts engagement opportunities for people of all ages, ranging from professional theatre productions, ukulele performances to street theatre and more.

Coming soon to Ink Pot Arts for the Fringe, in the Mount Barker Town Hall in February 25th 2017

This exciting new work brings together the talented members of the Ink Pot Youth Ensemble with award-winning playwright Sally Hardy. Using elements of dance, physical theatre and spoken word, *Unravelled* exposes the thoughts and feelings we normally keep hidden inside, and brings them to life in such a way as to remind us of the beauty we have in common when our protective outer layers are stripped away. The generosity of these brave young performers -allowing their own secrets to be 'unravelling' in the creation of this work - has been carefully guided and protected by the playwright, whose years of experience working with young people's voices make her the perfect collaborator for such a project. With professional choreography, sound and lighting design, *Unravelled* is the latest in a continuing tradition of Ink Pot Arts bridging the gap between youth & community theatre and practising professional artists.

**The Lion, The Witch, and The Wardrobe** (October 2016) was a great success. Here are some reviews:

"I had a lump in my throat looking at the amazing cast and the packed audience. Wow, after humble beginnings twelve years ago with a handful of students in the Handorf Institute, look how far Ink Pot Arts has come."  
**Angelee Theodoros**

"Great performance, all the best for the rest of the shows." **from the team at Reid Print**

"This was the first Ink Pot show we've had the fortune to see... it was brilliant! The cast and crew created beautiful Narnian Magic for the audience; I can't imagine how much hard work and how many hours went into this production. Congratulations."  
**Val Bubner**

"My first experience of Ink Pot Arts - Wow! What a great show - so ambitious and executed so wonderfully by a joyful cast and supporting techs and musicians. The most impressive thing about the production and the theatre company itself is the spirit of empowerment and encouragement endowed on all who participate. The 'can do' attitude brings out the best in your young cast and the willingness to hand responsibility to young novices and let them flourish says everything about you and your organisation. Ink Pot Arts is creating a fabulous community of young people by building their self confidence and allowing them to shine. Congratulations on every count and keep doing what you're doing - we need you."  
**Tony Warren**

"It was a fantastic show, great performers, costumes, sets etc. This was our first Ink Pot event and we will be back."  
**Georgie Wire**

# New Advertising Guidelines

## TELL THE PEOPLE OF NAIRNE & DISTRICT ABOUT YOUR PRODUCT AND SERVICES BY ADVERTISING IN NAIRNE NEWS

Published four times a year, with 400 copies sold and many more downloaded via our website and email, Nairne News is a cost effective way to reach the people of Nairne. From our first edition for 2017, we have simplified our advertising offer.

## DISPLAY ADVERTISING

We have divided the A4 page of Nairne News into eight advertising modules of equal area. The cost for advertising is \$10 per module, in the following configurations:

<b>One module</b>	<b>\$10</b>
<b>Two modules</b> (vertical or horizontal)	<b>\$20</b>
<b>Three modules</b> (vertical only)	<b>\$30</b>
<b>Four modules</b> (vertical or horizontal)	<b>\$40</b>
<b>Six modules</b> (horizontal only)	<b>\$60</b>
<b>Eight modules</b> (full page)	<b>\$80</b>

Cost is per edition.  
Colour is available on all pages, but has a 10% loading.

## RECEIVE NAIRNE NEWS BY EMAIL

If you prefer to receive your Nairne News by email, before it appears in the shops, then subscribe for just \$1 an edition, billed annually.

Email [ndra@live.com.au](mailto:ndra@live.com.au) with your preferred email address and your billing address to join the list.

## ADVERTORIAL

Articles which explain the features and benefits of a product and service, with the intention of creating a sale or enquiry are advertorial. Publication is at the discretion of the editor.

The rate is 75% of the equivalent space rate when set in the standard font and headline style of the page.

All advertorial must be accompanied by a minimum two module advertisement at the standard rate. Minimum space for advertorial is six modules (excluding the advertisement).

## NEW! TRADES AND SERVICES DIRECTORY

The Trades and Services Directory is a classified business listing. Only businesses that have an address in Nairne & District (with postcode 5252) can advertise in the directory.

Standard listing:  
Three lines, comprising business name, one line description and contact details.  
**\$4 per edition or \$14 per year**

Bold listing:  
Four lines, comprising business name, two line description, contact details and photo or logo.  
**\$8 per edition or \$28 per year**

All listings will be headlined under a business classification.

To advertise in Nairne News, contact us at: [nairnenews@hotmail.com](mailto:nairnenews@hotmail.com)

# Local Sports

## Nairne-Bremer United Football Club Inc

The Nairne Bremer United Football Club recently held a most successful AGM with a good number in attendance. A healthy balance sheet was presented by treasurer Helga Baxter with most income streams showing improvement in 2016 over previous years. The club was successful in obtaining government grants of \$30,000 for new equipment including the new scoreboard.

President Craig Sadler presented his Presidents report, congratulating the club in having five teams in the finals and winning two premierships. Craig continues as President with Kent Llewellyn as vice president. Mike Pfeiffer continues as secretary (ph 0408 606882 email ffer@adam.com.au) while Helga Baxter continues as Treasurer. Mark Jaensch rejoins the committee as Senior Football director.

Coach Tony Fielke has been reappointed for his sixth term at the club, with Daniel Lackenby now the senior assistant coach. Applications for other coaching positions close soon. The club is also asking for interest in a women's team for season 2017. Women interested should make contact via the secretary.

# Classic Adelaide Comes To Town

**Once again Nairne  
was chosen for the  
start point of a leg of  
the legendary Classic  
Adelaide Rally.**

Starting on Friday 18th November at the Chapman's Factory, the route took the competitors through the twists and turns of the Old Princess Highway, through Dawesley and on to a flying finish just before the Mills Road turn off. Cars ranged from Early Classics (pre-1972) right up to current super cars. Ferraris, McLarens and Lamborghinis were spotted along with some beautiful classics from Lancia, Alfa Romeo, BMW, Porsche and many more.

The Classic Adelaide has a number of different classes including 'Regularity' which people with non-competition cars can compete in. Next year the NDRA looks forward to working closely with the Classic Adelaide organisers to make the event an even bigger draw card for the town.
